*Take time to be holy,
 be calm in your soul...*

- Sunday** **All Churches and especially Salvation Army Lavenham.** Even in a 'tourist village' there are deep needs and this org with its great heart reaches many places some others can't. Bless them Lord, every worker, every worshipper, every visitor, every aim and plan - please
- Monday** **Schools – Uplands Community** We rejoice that so many of our local schools welcome 'Open the Book' – the volunteer teaching of stories from the Bible interacting with staff and students. Be in their fun and learning Lord planting Your truth seeds deep into these young hearts
- Tuesday** **Charities – Visually impaired** New discoveries are constantly being found to help those with this ailment. But Lord it must be so frustrating and debilitating not to be able to see clearly. Please paint on the mind's eye of those blind, the wonder of inward sight and bring calm.
- Wednesday** **Civic – Gainsborough's House.** Would he be surprised to know he is still esteemed in his home town? With the skill he had it is no wonder, so we thank you for his gifted life and for those who maintain G-Hse.
- Thursday** **CTiS&D: Funerals.** We don't think of them until we are face to face with the unavoidable. But what a relief to pas our loved ones over to the hands of professionals. Thank God – they are there when needed and well able to do all the things we can't. Be in our funerals Lord as only You can, easing pain & reminding us of Your Glory beyond today
- Friday** **Services – Taxi** Another group of people so quickly there when needed allowing us to enjoy life and families without the worry of driving. They must be in tricky situations sometimes. Bless them all.
- Saturday** **Prayer Breakfasts** 8-9.30 am on 12th May at All Saints Church Hall. *Be sure of a friendly time at Breakfast and sincere prayer*
Town Pastors – How quickly a fracas can flare up among revellers. Lord please be very close to our TPs tonight. Give them all the words and smiles they need to defuse a situation bringing peaceful solutions

- Wednesday** **Civic - Music/Choirs** How vital is music in any form. It lifts our spirits, sometimes calms the heaving breast and sometimes drives us to despair at its volume. Thank You Lord for this heaven sent gift and for the skills of everyone involved to the delight of those able to listen.
- Thursday** **CTiS&D: Weddings** We pray for those about to 'tie the knot' and ask that beyond all the showy trappings, there might be a resurgence of pure committed love within our new marriages. May both parties look honestly at themselves and deep within their partners - and love both!
