**And dare to make it known!**

- Sunday**     **All Churches and especially our small village churches.** Lord they were once so important to their areas. As their numbers dwindle and keeping them repaired increases, we ask that Your Holy Spirit will so fill each building that folk are drawn to find You there. Bless each one.
- Monday**     **Schools – Ormiston Academy** A moment's foolishness in our teens can affect a lifetime. Lord please especially guide and bless those who try hard to warn their students of such perils. Be with teachers who are convinced You do exist and even more with those who aren't!
- Tuesday**     **Charities - URC Church.** This building is hoping to house **The Hive** Lesley Ford-Platt, trustee, said: "Sudbury Hive would hope to manage the building so that its use by community groups could be maximised, in response to local needs, by using the facilities within the church and within Friars Hall for meetings, rehearsals, arts and musical events as well as possibly services of worship." We ask Your Hand on this Lord
- Wednesday**     **Civic – Suffolk Chambers of Commerce** are talking of linking to greater effect. Our changing world needs Your help Lord. Guide those who lead our commerce etc. Give them foresight and insight to make decisions in tune with Your Great Wisdom. Be within our businesses
- Thursday**     **CTiS&D: Halloween 'fun'?** We can't pray too much over this insidious infiltration of evil into our entertainment. We ask especially that those who see no danger might be clearly aware of what such things can lead to. Lord Shine clearly in every church **'Light' Event.**
- Friday**     **Services – Police terrorism** This growing menace puts even more strain on our protectors. As they face these hidden dangers daily may each one rely on Your wisdom and strength to 'hold it together' safely.
- Saturday**     **Prayer Breakfasts** 8-9.30 am on 27<sup>th</sup> October at St Mary's Parish Church Bures. Do join us. No obligations – just £1 to eat and pray!  
**Town Pastors – as last Saturday** – Please Lord protect all our TPs as they reach out in good faith to help any who need them. Be close to each one and may Your angels hover over the inflammatory areas.

- Tuesday** **Charities - Help for Heroes** Thank God for this charity that delves deep into the needs of those who have stood in our place on the various battlefields of our world. Difficult as that must be, the return to a 'normal' life must be more demanding and stressful. Be in it all Lord.
- Wednesday** **Civic – NHS Research** We hear alost daily of 'breakthroughs' in many areas of medicine. Thank God for creating enquiring minds not willing to give up until a solution is reached. God is reflected so clearly in this.
- Thursday** **CTiS&D: Catholic abuse** is also live on the media. Lord we plead for your forgiveness for past sins. We ask for real deep contrition and a willingness to throw the hurts off and rise to new strengths in healing of mind and bodies for those who have been misused. Heal Your Church

- Thursday** **CTiS&D: Halloween** fast approaching. May the enticements of the shops and media be controlled by Your Pure Holy Spirit. Keep us from falling for the devil's charms Lord. Open our eyes to see exactly what we might be encouraging children and others less aware to get into
- Friday** **Services - Police Finance** How can this dwindling org. cope with increased demands and less funding? Lord give us all a true sense of values so that we are willing to play our part in finding the cash needed

Dare to have a purpose firm

- Sunday** **All Churches and especially Suffolk Road.** This church may be tiny but they have a huge heart for Sudbury and its folk. As Your Word goes out faithfully week after week, may the awareness of Your Holy Spirit penetrate deeper and deeper into each life, again young or old.
- Monday** **Schools - Belchamp CoE** Village schools at the heart of community bring children and adults together in the joy of achievement. Be in this school Lord, enlightening, widening, encouraging, preparing them all, parents and children for whatever You have for them in the future.
- Tuesday** **Charities - British Heart Foundation** This charity's vision is "a world without heart and circulatory diseases funding research to keep hearts beating and blood flowing." Thank God for such huge targets. May every penny, every effort, every recipient know the Heart of God too.
- Wednesday** **Civic - Sudbury Guided Walks** To walk with a friend is joyous, to walk with strangers is uplifting, to walk with God in His good wonderful world is beyond comprehension. May each one know this extra joy.
- Thursday** **CTiS&D:** Halloween is in our shops presented as harmless fun. To decry it is seen as spoil-sporting. But we thank God for the churches who make a clear distinction between the darkness of the spirit world and The Light of the World - Jesus. Shine Jesus Shine, please.
- Friday** **Services - Police on beat** used to be respected and valued. Improve relationships between public and Police Lord. Give us opportunity to be polite and friendly to this much needed Force - may its 'force' be with us' and seen to be an integral part of our daily healthy living.
- Saturday** **Prayer Breakfasts** 8-9.30 am on 20th October at Little Cornard Parish Church turn left off Bures Road out of Sudbury. Breakfast still only £1, warm fellowship and sincere prayer following.
Town Pastors - Who knows what might transpire on our streets tonight. We ask protective covering for our messengers as they look out for those in need and help all they can. Be with them Lord please.
