

Christmas Hampers 2010

The generosity of my fellow Christian brothers and sisters overwhelms and encourages me when it comes to Christmas hamper time.

This year we used festive carrier bags which greatly reduced the time not having to wrap so many boxes which was a huge relief! We delivered about 100 packages to Age Concern, Crofton House, Homestart Babergh, Mulberry House and various individuals and families throughout Sudbury, Long Melford and Glemsford. So many people were full of appreciation and it is wonderful and most humbling to be able to share Christ's love with those within our communities, especially at this time of year.

On behalf of Churches Together I would like to thank all who supplied so many items also to those folk who helped with the packing and Major Neville for use of the Salvation Army Church. The project would not happen without your support!
