

Men Unleashed. Christian Vision for Men 1st Suffolk Conference

On 12th March Men In Christ organised the 1st Suffolk conference entitled Men Unleashed.

Giving us a fairly short time frame in which to plan venue, musicians, worship leaders, food, publicity etc made us really focus our minds.

The day went very well with Andy Drake, director of Christian Vision for Men, Victor Jack and Paul Holgate leading conference with Brian Thake and the CCF worship band leading the worship.

Hog roast was laid on for lunch.

As this was our 1st men's conference one of our aims was to meet up with men from other parts of south East Anglia so that future conferences would be better attended. Timing was the key as a number of other events were planned around this date e.g. Healing Ministry with Jennifer Rees Larcombe and the Men's weekend away at Sizewell held on the subsequent weekend. This resulted in fewer than expected men attending.

A total of around 55 men had a great day confident that, together with Bury and North Essex a similar event can be arranged for next year.
