What does the church have to offer us?

At Living Waters we offer a modern interior to a traditional chapel style building built in the 1860's and retaining many of its original features, with seating for up to 110 people, a full sound system and a planted garden to the rear. Sited close to Sudbury meadows which offers a beautiful backdrop for all your photographic needs. We are the ideal location for weddings that don't require the grandeur of a larger, traditional Church building.

How much will it cost to get married there?

Please contact the Church Office for a list of our basic costs.

What else can the church provide for couples?

We are able produce an "order of service" for your wedding, which includes hymns and Bible readings, for your guests to follow, for a nominal fee. Arrangements can also be made to provide a range of floral arrangements at reasonable rates.

What are the requirements or expectations for couples?

Adherence to the Christian faith is normally a prerequisite for a wedding at this facility, though under certain circumstances special arrangements can be made. Residency - it is normally necessary for at least one of you to live in Sudbury and district area for you to marry here, but under certain circumstances there are exceptions to this rule. Please phone the Pastor for details.

Other helpful information about the church.

We would invite you to attend a "Marriage Planning Day" to sort out details of the service, and to familiarize yourself with the building. Every wedding is tailored to suit individual needs so if you have any special needs or you are looking for a Church blessing following a civil ceremony or if you or your partner to be is a divorcee looking to remarry please do contact the Pastor to discuss this. We approach every case individually, and will help you if we can.
