Workshop details

"Over the past 7 years John Fisher and the IDMC team have developed a fully interactive, fun and inspiring gospel education program for children and adults. The workshops include teaching singing Gospel style with its vibrancy and soul.

John is an award winning vocal tutor and has run his choir IDMC for 18 years and also workshop choirs for 10 years.

If you are attending, you should come expecting to be thrilled by the energy of the workshops and to learn some fun inspirational songs. Be prepared to be stretched vocally in ways you've never been before, and get ready to raise a sweat by end of the session."
