

Behind the Scenes at St Peter's

The Friends of St Peter's are holding an Open-Day event on Monday October 28th. The event is called "Behind the Scenes at St Peter's" and will begin at 10.00am and continue throughout the day, finishing at about 8 .00pm

The purpose of this event is to create as much local awareness of the building as a heritage as well as a community asset in Sudbury.

At the same time, to illustrate the role of the Friends in maintaining it, whilst also hoping to engage the local community in the early stages of our plans to improve the facilities in the building.

The Church will be open to all comers throughout the day, with members of the Friends on duty to meet and greet.

There will be static displays and information points, opportunities to talk to and question the Friends, and also a number of presentations throughout, such as local musicians busking, artists at work,and tea and coffee will be available.

At 7.00pm the event will change to a seated affair for as many as will to listen to our Chairman, Roger Green, our new President, Mr Ronald Blythe and a number of other speakers outlining what the Friends do, how the building is used by and for the local community, how it might be additionally used, and plans for improved facilities.

The items will all be brief, and the day's events will come to a close with some entertaining displays!
