

Fellowship Snooker Update September 2015

Come and join us!

Fellowship Snooker, started in January 2013, has now been running for two and a half years. Unlike Fellowship Football it doesn't require very much physical fitness, you don't even need to be able to get your leg on the table, rests are readily available.

Some guys take it more seriously than others, in pursuit of trophies, but there are prizes at all levels, so everyone has the opportunity to win something for the mantelpiece.

We play to official snooker rules but everyone is aware that it's more of pleasure pursuit than one of perfection and therefore, the games, which are played without a referee, tend to be very good natured and from a personal viewpoint, very enjoyable.

Even if you've never held a cue or used a rest you'd be very welcome to join us. The league has over 90 players registered and regular players play about 4 evenings during the course of the season which runs for approximately 6 months. Why not give me a call: 07443644783 and come and join us. –*Steve Pugh*
