***Be Patient in affliction -***

- Sunday** **All Churches and especially Freedom Fellowship (Living Waters)** our past close ties are loosened now but we pray for those who still work alongside us spreading God's Word. Be close to their leadership and all worshippers Lord using all the great gifts You have given them.
- Monday** **Schools - Ormiston Academy** As they approach young adulthood, we ask that each student be imbued with the insight that takes them past their peer generation demands. May each student reap the very best harvest from their teachers, being equipped to face life head-on.
- Tuesday** **Charities - Charity Shops** are opening up again. Our unwanted excess will start the pennies rolling again. Bless those who give their time to bless others albeit at a distance. May every 'job' undertaken be the means of bringing joy and relief to those who have so many needs.
- Wednesday** **Civic - our local Lorry Park** is under threat, as well as a dearth of HGV drivers. Help those considering these needs to think ahead and really assess the outcome of their plans. Keep our Council from making quick decisions that might hinder future growth etc in the Town
- Thursday** **CTiS&D: Pew & Church news & magazines.** What a blessing these can be to keep us all in touch. Fill our 'writers' with clear vision & striking words and then help us to voice our appreciation for all their efforts. Be in this outreach Lord and draw folk together to worship You.
- Friday** **Services - Lorry Drivers** be they national, soldiers or from abroad. This is a difficult and at times thankless job but vital to all our lives. Help Govt to solve this problem to the benefit of us all. May we be more patient drivers alongside them and treat them with great respect
